

Creative Quilt Works- due May 2019

Fidget Mat Challenge Quilt

Month 7

Assembly-Finished mat will measure approximately 18 x 24 inches.

Make a back for your mat using flannel. Prewash it! Flannel shrinks a lot. Flannel should measure larger than 20 x 26 inches. Lay out squares onto the flannel. Using a 4 across by 3 down grid. See below.

You can also add batting to add more stability! Batting should be cut same size as flannel and trimmed after borders but before binding.

Make border trim.

Cut 2 strips 26 inches long by 2 inches wide. Horizontal placement, blue lines

Cut 3 strips 20 inches long by 2 inches wide. Vertical placement, red lines

Finished binding will measure 1 inch. You may adjust to suit your own method of applique. Product suggestions: Quilters Select Appli-web plus in the 1 inch size will facilitate creating and holding binding in place for top stitching. Trim mat to size!

Binding: Cut 92 inches of 2 ½ inch wide fabric to match or contrast with border trim. Bind as a quilt. Label as a quilt! Donate! Or do we want to save these for the 2020 Show?
