

Figure 1

Pick Up Sticks- September 2021 BOM

Cut one 13-inch square out of black fabric.
Cut three 1-inch strips at least 15"-18" long of any colors you want.

Step one

Cut a slice anywhere on your black square.
Sew one of your one-inch strips in the slice.
Press the seams toward the strip. This will make the sewn-in strip a little puffy.

Step two

Repeat process with your other two 1-inch strips.
Make your next slices anywhere you want. They do not have to be like figure 1.

Step three

Trim square to 12 inches. (Yes, 12". The block will be 11.5" when sewn into a quilt.)
